

THE MESERANI PROJECT
EDUCATING THE CHILDREN OF MESERANI, TANZANIA.

Data Protection Policy

To all our sponsors and supporters, past and present.

You may have heard about the new General Data Protection Regulation ("GDPR"), that came into effect on May 25, 2018.

To help comply with GDPR consent requirements, I need to confirm that you would like to continue receiving updates and information from The Meserani Project.

Whilst most of the e-mails that are sent out are individual ones that are personal to sponsors, and relate to the individual pupils/students that are being sponsored, there are occasions when we send out generic e-mails related to sponsorship of pupils/students in general. There are also occasions when we send out e-mails regarding activities and events involving The Meserani Project, and e-mails giving updates on the work of The Meserani Project in Tanzania.

It is always our intention that your email addresses are not visible to other recipients, and our policy is that generic e-mails are sent using the Bcc method. However, we acknowledge that human error could mean that there is always the possibility that an e-mail is sent out showing the e-mail addresses of other people on our distribution list. Whilst this is not our policy, and we do not intend that it should happen, it is only right that we should point out that human error is always a possibility.

Please be assured also that our policy is that your e-mail addresses are not shared with any third party.

To continue receiving our emails then please **DO NOTHING**.

If however you wish to stop receiving our emails then simply click on the "REPLY" button and request your email to be deleted from our database.

Thank you.
